*"The CampusSV system from SchoolView Technologies puts us at least 10 years ahead of the technology curve, providing a direct communication path to hardware devices around the school. We truly believe this is the way of the future."*

**Joe Squiers**  
 Director of Technology  
 Franklin Independent School District  
 Franklin, TX

## CampusSV®

The SchoolView solution includes monitoring and intuitive control of the video projector and classroom audio. With the video delivery control module, CampusSV® provides management and control of DVD players, CATV, and satellite receivers via streaming video, sent directly from the school or district media center to the classroom video projector.
